

Managing Diversity

Audience

Managers who want to explore the issues relating to managing a diverse team within their organisation.

Aim

- To provide an opportunity to explore issues of difference in a safe and empowering environment.
- To explore how discrimination manifests itself in organizations.
- To discuss the role of a manager in recognising and challenging discrimination.

Objectives

- To explore the roles and responsibilities of the manager.
- To discuss the differing experiences of both black and white managers, in their management of difference.
- To create a safe and empowering environment to explore issues of difference.
- To increase awareness/understanding of what is difference.
- To build confidence in challenging discrimination in a positive manner.
