

Meeting the needs of Black & ethnic minority children in Foster Care

Audience

Foster carers & supervising social workers. Aim

- To provide a safe environment where applicants will be able to explore the issues that relate to their caring for children from ethnic minority groups.
- To enable foster cares to promote diversity and equality care for ethnic minority children.

Objectives

- Appreciation of the evolving nature of cultural norms and practice.
- Increased awareness of issues affecting ethnic minority children.
- Increase recognition that ethnic minority children bring to foster placements their cultural histories.
- Increase recognition of how foster cares' culture values and beliefs can impact on the ethnic minority children in the care.
- Examine areas of good practice in caring for ethnic minority children.
- Broaden knowledge and skill base of foster carers in caring for Ethnic minority children.
